

Soft Bones, Inc., The U.S. Hypophosphatasia Foundation, Invites Research Grant Applications in 2023

Soft Bones, Inc., The U.S. Hypophosphatasia Foundation was founded in 2009 to inform and support people living with hypophosphatasia (HPP), their families, and caregivers.

Soft Bones continues to promote innovative research concerning HPP by new and established investigators. Soft Bones will offer a seed grant of \$25,000 for research directly related to HPP during 2023-2024.

Download the application [here](#).

Past Recipients:

Steven Mumm, PhD, Washington University School of Medicine - 2014

Grant Application Procedures

- The application receipt deadline is October 15, 2023.
- Proposals are evaluated by the Soft Bones Scientific Advisory Board.
- The award will be announced on October 30, 2023.

Eligibility: Applications are welcome from faculty members at a university or private research institution. Proposals from senior postdoctoral trainees or research associates are acceptable provided their mentor has a record of commitment to research concerning HPP. This award cannot be used for investigator salary support or indirect costs.

For questions: Please visit www.SoftBones.org or call Denise Goodbar, Executive Director at Soft Bones, at 973-453-3093 or via email denise@softbones.org.
