

DO YOU OR A FAMILY MEMBER HAVE PERSONAL EXPERIENCE WITH HYPOPHOSPHATASIA (HPP)?

Share your thoughts about a potential prenatal treatment for life-threatening HPP through an online survey

An online survey is being conducted to learn how individuals and families feel about in-utero enzyme replacement therapy for HPP. Your input will help guide future research and management approaches.

Who can participate?

Adults with HPP of any form

OR

Parents, caregivers, or relatives of someone with HPP of any form

OR

Healthcare providers

WHO: Live in United States or Canada

Can read and answer questions in English

Complete the 5-to-10-minute anonymous online survey on HPP Connect: <https://hppconnect.org>

This project has been approved by the CHIPER Research Ethics Board. If you have questions about your rights as a research participant, you may contact the CHIPER REB: Telephone Number: 204-775-1096 / 1-866-248-4375 (toll-free)

E-mail: CHIPER@researchmb.ca. For more information about the study, please contact Dr. Cheryl Rockman-Greenberg at cgreenberg@hsc.mb.ca.
